

Monetary is a connected commerce platform that simplifies the integration and synchronization of data across POS (Point-of-Sale), mobile, and web channels. With a powerful blend of payments, CRM, loyalty, offers, redemption, inventory, and appointments, Monetary delivers highly profitable and personalized web and mobile experiences for software developers, merchants, and their customers.

WE HELP PARTNERS AND MERCHANTS TRANSFORM ORDINARY CUSTOMER INTERACTIONS INTO EXTRAORDINARY RELATIONSHIPS.

WHY MONETARY?

Scalable

based on your business needs.

Cutting-edge, user-friendly technology

connects all customer engagement channels so information is synchronized and integrated.

Big brand capabilities

in both marketing and use of mobile apps.

PCI compliance

for payment services online, in person and mobile.

Reliable U.S. based customer support

to address any product challenges.

Single secure repository

to easily review business data.

Automated marketing activities

leverage today's communication channels to connect with your customers including text, email, on-site and push notifications.

Trust

Monetary has a passionate commitment to transparency based on a relationship of trust with our developers and dealer partners. We want you to succeed and are committed to doing everything in our power to help you get the most out of our platforms.

- Clear residuals to our partners, no surprises!
- Transparent pricing to the merchants
- Pricing locked in for the life of the relationship
- Act as an extension of your business, your reputation and success is our goal.

Residuals

The flexibility we have with our developers and dealer partners allows them to build opportunities into their sales platform to make income on products like GIFT, ENGAGE, and SYNC as well as credit card processing.

- Make money on other services besides CC
- Full schedule and buy rates to increase revenue opportunities
- Full transparent reporting that allows detailed reconciliation each month
- Business opportunity long term with residual buy outs, etc.

Best-in-class Service

Monetary's personalized service goes far beyond answering the phone, handling the referral, and setting up merchants. We'll get you set up to grow your business organically and through net new acquisitions.

- US based support teams
- 24x7x365 teams ready to support you and your customers
- Assigned resources, one to one relationships, knowing your business
- Seamless automated customer on-boarding
- Full access to all Monetary resources for all your business needs
- Our team has over 100 combined years in the integrated payments business

Monetary's Connected Commerce

Ultimate Security and Convenience

- Tokenization – Our CardToken is universal and allows a consumer to pay at any participating merchant/processor, without exposing card data at an individual merchant location.
- E2E - Our Gateway allows credit card processing with a variety of processors i.e. TSYS, First Data, Vantiv, etc., and provides end-to-end (E2E) encryption for web, mobile, and card-present transactions.
- P2PE Validated
- PCI Validated
